

## HALL 36

The Hall 36 is a raw space of 5,500 sq.m. on the ground floor of the exhibition halls "Sud". This hall regularly hosts exhibitions, trade shows and gala evenings.

The ceiling structure offers many hanging and partitioning possibilities. The technical culverts network allows a great flexibility for any electrical, water or IT installation. This space benefits from generous logistical access on the ground level as well as a glazed entrance door for visitors overlooking the site's gardens. Located in a building built with a sustainable development approach, it has many windows that offer daylight in the hall.
